## THE POINT LOWLY LIGHTHOUSE COTTAGES

The Lighthouse Cottages were **built in 1883** and used for keepers and families until 1973. In the early times an oil launch brought weekly supplies from Port Pirie.

The first light was an **oil wick burner** until replaced in 1900 by a kerosene mantle type and then an automatic electric light in 1973. The lens was originally turned by a weight which was then wound back up every 2 hours!

After private use in the 1970's the Whyalla Uniting Church took over care of the cottages **for community use**. A job creation scheme in 1983 enabled renovation and the complex was also **Heritage** listed that year.

## GENERAL INFORMATION

The aim of the Point Lowly Lighthouse Cottage Committee is to provide comfortable accommodation at an affordable cost. The Point Lowly Lighthouse Cottage Committee has worked very hard to bring this facility up to the standard it is at present. We ask that you enjoy your stay and when you leave you leave the cottages clean and tidy for the next group.
